

Timothy Valderrama

Lead Product Designer

valderramadesign@gmail.com · tim-ai-design.com · San Mateo, CA

Lead Product Designer with 9+ years of experience simplifying complex digital products and turning friction into business growth. My certifications in AI-assisted design workflows and product strategy for designing AI experiences help me turn stakeholder requirements into user-centered concepts that accelerate alignment, sharpen product decisions, and drive measurable business outcomes.

EXPERIENCE

Valderrama Design

Feb 2026 – Present

Principal Product Designer · Freelance

- Returned to full professional capacity after surgery and rehabilitation for a sports injury, using the transition period to deepen expertise in AI-assisted product design workflows across strategy, interface design, prototyping, and app development.
- Designed and developed an AI-powered preschool activity reporting app for Sunshine Little House of Learning, automating real-time parent updates and end-of-day summaries while saving the head teacher an estimated 480 hours annually.

Meta FinTech

Dec 2024 – Aug 2025

Product Designer V (Staff Product Designer) · Design Consultant

- Led design strategy to reduce checkout payment friction through credential sharing and autopay, increasing iRev by 6.3% and credential coverage by 36%.
- Designed solutions to reduce ad billing credit card costs by promoting Monthly Invoicing and optimizing the AI- and automation-driven application flow, targeting a lift in conversion from a 39% baseline to 97% and ~7.5% in projected annual savings in credit card fees.

PayPal

Oct 2016 – Apr 2024

Lead Product Designer · FTE

- Modernized PayPal's installment products (top leadership priority) by migrating to UI 4.0 and the Checkout Product System, lifting conversion to 208% of its baseline and driving a 67% increase in average monthly TPV for Pay in 4.
- Led design strategy and end-to-end implementation across all German products, driving a 14.92% increase in monthly TPV for PayPal Monthly Installments and 48.78% for Pay in 30 Days; directly contributed to promotion to Lead Designer for Global Installments.
- Provided mentorship and strategic guidance to senior designers, introducing scalable, data-informed solutions and process improvements to elevate team-wide design quality and maturity.

Cisco Systems

Feb 2015 – Sep 2016

Senior UX Designer · Design Consultant

- Drove end-to-end design for Cisco's premier mobile app, modernizing the experience with updated accessibility and UI standards and delivering a 43% increase in user comprehension.
- Partnered in developing a scalable UI component library and UX standards that standardized and improved Cisco's intranet navigation.
- Served as a UX advisor in the Cisco UE Clinic, delivering twice-weekly design guidance to departments seeking support for their web pages and applications.
